

Freetown Road Church of Christ in Grand Prairie, Texas, is seeking a full-time pulpit minister who can help us grow the church in our community. We are located in the heart of the DFW metroplex. Our average summer attendance is 70-75. Our congregation is composed of a diverse population with Hispanic, African-American and Caucasian cultures.

Our goal is to serve the community with a church that provides scripturally sound and motivating sermons as well as in-depth bible studies. We prefer a minister who is married and has a bible degree from a Christian college or a school of preaching.

Our minister candidate should be apt at visiting the sick, shut-ins and those who are struggling in their spiritual growth. He should be enthusiastic and able to relate to all ages.

Please e-mail resumes and a sermon to freetownroad1038@gmail.com

You may send any audio/video format or links to media online.

CD/DVD's can also be mailed.
